

300-megawatt acquisition in Poland: VSB Group acquires rights for onshore wind projects

Dresden/Wrocław/Zug, 1 February 2021 – VSB Group, the specialist for renewable energies in Europe backed by Partners Group, is expanding its footprint in Poland: VSB acquires 300-MW of projects in a milestone transaction for the Polish wind onshore market and for the corporate group.

The wind energy projects are located in the Wielkopolska Voivodeship and are at different stages of development. All parties have agreed not to disclose the purchase price and planning details.

Marko Lieske, Managing Director of VSB Holding GmbH, is pleased about the successful transaction: “Poland has enormous potential for the expansion of wind and solar. We believe that now is the right time to invest into this high growth market. Together with Partners Group, we are accelerating our activities in the region.”

“This acquisition further adds to our strong pipeline of renewables projects in Poland. We look forward to working with the local communities and our partners to delivering these projects and support the energy transition in Poland,” said **Hubert Kowalski, Managing Director of VSB Energie Odnawialne Polska sp. z o.o.**

VSB has operated in Wrocław since 2008, having already commissioned around 76 MW in Poland, and manages over 300 MW of wind assets. This includes the Taczalin wind farm, which supplies 45.1 MW of green electricity to the Mercedes-Benz plant in Jawor (Lower Silesian Voivodeship). The power purchase agreement (PPA) for this was concluded in the summer of 2018.

About VSB Group

VSB, headquartered in Dresden, is one of the leading full-service providers in the field of renewable energies. Its core business is national and international project development for wind farms and photovoltaic parks, their operational management and maintenance as well as the operation of its own parks. In addition, VSB supports clients from industry and commerce in matters of energy production and efficiency. Since 1996, VSB has commissioned more than 700 wind energy and photovoltaic plants with a combined installed capacity of approximately 1.1 GW and an investment volume of €1.7 billion. VSB also provides services for around 1.4 GW worth of installed plants. With its affiliated companies, the Group employs over 300 people at 23 locations.
