

VSB 360° SERVICE FOR YOUR PV-SYSTEM

Efficient. Taylor Made. On Site.

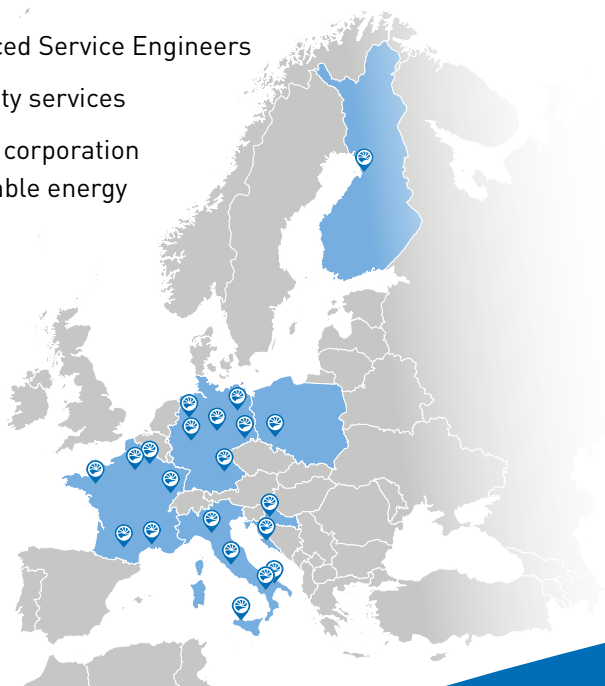

Our Services for Solar Farms and PV-Systems

Costs down - Yields up

Round the clock monitoring and regular maintenance guarantee maximum yields when operating your PV-System because every failure costs time and money. In the unlikely event of a malfunction, we will immediately take measures to rectify the problem and are quickly on site. On request, we can also take care of the commercial management of your Solar Farm. Would you like us to take responsibility for your Solar Farm? Let's talk about it! Together we will find the best solution.

Our Service - Your Advantages

- ✓ Independent and Cost Optimised Service
- ✓ Short Response Times
- ✓ Qualified and experienced Service Engineers
- ✓ Certified and high quality services
- ✓ VSB is a pan-European corporation operating in the renewable energy industry since 1996

Solar Farm Magdeburg, 2014

„For us VSB is a reliable service provider and partner in the Solar sector, VSB performs Asset Management of the Solar Farm on the former landfill site in Magdeburg and with this challenging site VSB is always reliably at our side as a technical manager.“

Anja Spannaus, Managing Director (AM), re:cap global

All Services from a Single Source

Each Solar Farm is individually structured and organised. Therefore, we advise and plan with you according to your unique situation, whichever are the optimal services for your Solar Farm - whether 360° - an all encompassing package or modular only - You decide:

1 MAINTENANCE & REPAIR

- Maintenance in accordance with manufacturers specs
- Troubleshooting
- Repair Work
- Installation of Retrofits

2 TECHNICAL MANAGEMENT

- 24/7 Monitoring and Online-Access
- Deadline Monitoring and Inspections
- Documentation and Maintenance of the CV files
- Assumption of Plant Responsibility

3 COMMERCIAL MANAGEMENT

- Commercial Administration and Reporting
- Liquidity Planning
- Receivables Management
- Contract and Claim Management

VSB ENERGY FARM MANAGEMENT

With innovativeness and expertise VSB ENERGY FARM MANAGEMENT develop tailor made solutions for Wind Farms, Solar Farms and Substations.

Our services are as individual and diverse as our clients projects: From construction services through to customised service solutions for your Farm. VSB ENERGY FARM MANAGEMENT is an offer from the VSB Group, the leading full-service provider for renewable energy projects since 1996. We develop, plan, build, operate and maintain with passion and commitment Wind, Solar and Battery - Storage projects as well as substations and charging stations for electric vehicles.

Trust in more than two decades of experience. We care with our service for sustainable profitability.
