

## Thomas Winkler new Managing Director of VSB Neue Energien Deutschland GmbH

**Dresden, 9th January 2020 – developer of renewable energy projects has new senior management: Effective immediately, Thomas Winkler will take over the management of VSB Neue Energien Deutschland GmbH. As an experienced manager, he is responsible for the future growth of the German company.**

Thomas Winkler brings extensive management experience to his new role, building on his many years of experience in the wind sector. The 36-year-old has been with VSB for 11 years, most recently acting as head of Corporate Transaction and responsible for negotiating and structuring the first PPA in Europe between the wind and automotive sectors with Daimler. Before that, he worked as branch manager for VSB in Romania and as head of sales and financing. Thomas Winkler studied at the TU Dresden and holds a degree in economics.

"We have gained an experienced wind energy expert for the management of VSB NED GmbH with Thomas Winkler, whose expertise and experience we trust. He will make the company fit for the future in the face of upcoming market changes. I look forward to a successful working relationship with him. Together we will continue to drive VSB's growth," summarises Marko Lieske, Managing Director of VSB Holding GmbH.

Thomas Winkler is taking over as Managing Director from Dr. Uwe Kaltenborn, who is leaving the VSB at his own request to devote himself to new undertakings. At this point, we would like to thank Dr. Uwe Kaltenborn for his dedicated and successful work.

### About the VSB Group

VSB, headquartered in Dresden, is one of the leading full-range suppliers in the field of renewable energies. The core business lies in the international project development of wind and photovoltaic parks, as well as their operation, maintenance and repair. Since 1996, VSB has installed more than 600 wind energy and photovoltaic plants with an installed capacity of around 900 megawatts and an investment volume of 1.3 billion euros. The Group and its affiliated companies employ 300 people at 19 locations.
